

HIZIR GÖKHAN UYDURAN

+1(123) 456-7890 ◇ San Francisco, CA

gokhanuydur@gmail.com ◇ [linkedin.com/in/gokhanuydur/](https://www.linkedin.com/in/gokhanuydur/)

LANGUAGES

English (Advanced), **Turkish** (Native)

EDUCATION

M.Sc - Building Science, Yildiz Technical University 2018 - 2021

B.Sc - Architecture, Yaşar University 2012 - 2017

SKILLS

Energy and Daylight Modelling	Ladybug Tools, IES, Velux, DIALux Evo
CAD and BIM	Rhino, Grasshopper, SketchUp, ArchiCAD
Coding	Python (Intermediate), HTML and CSS (Intermediate)

EXPERIENCE

COMPUTATIONAL DESIGNER 2021 - Ongoing
NJ Optimal

- Work as the lead computational designer
- Support engineering team by creating custom algorithms and scripts
- Created tools ranging from truss generators to brick block laying algorithm lowering modelling time to days
- Created a Q&A algorithm to check and fix rhino blocks on big scaled facade projects

ENVIRONMENTAL DESIGN ANALYST 2020 - 2021
Alkazar

- Set up and run solar radiation studies, sunlight analysis and outdoor thermal comfort via Ladybug
- Set up and run shoe box and full-building simulations to quantify daylight, glare, energy loads via Honeybee
- Visualize the results in reports, graphs and 3D models.
- Collaborate with colleagues to provide innovative sustainability and energy efficiency solutions

TEACHING ASSISTANT & RESEARCHER Jan 2019 - Jan 2020
Yıldız Technical University

- Taught daylight modelling software and parametric modelling
- Prepared class notes and manuals for taught software
- Optimization of parameters of light shelves by genetic algorithm
- Fully movable light shelf is modelled in grasshopper

CO-FOUNDER 2017 - 2018
Arctic Fox

- Co-founded a start-up to create a software to find optimal insulation material
- Designed work-flow of the software
- Researched building standards
- Part of the coding team and wrote main functions

OTHER ACHIEVEMENTS

- Creator of a Japanese City Pop playlist with 196 likes in [Spotify](#)
- Vision of a wooden apartment building for Lithuania competition [third place](#)

CERTIFICATES

- IBM Cognitive Class - Introduction to Data Science
- IBM Cognitive Class - Data Science Methodology
- IBM Cognitive Class - Python 101 for Data Science
- Datacamp - Introduction to Python
- Datacamp - Introduction to Data Science in Python
- Datacamp - Intermediate Python for Data Science
- Datacamp - Intermediate Python
- Datacamp - Python Data Science Toolbox (Part 1)
- Datacamp - Python Data Science Toolbox (Part 2)
- Datacamp - pandas Foundations
- Datacamp - Data Manipulation with pandas
- Datacamp - Introduction to Data Visualization with Python
- Datacamp - Introduction to Data Visualization with Matplotlib
- Datacamp - Data Visualisation with Seaborn
- Datacamp - Intermediate Data Visualization with Seaborn
- Datacamp - Improving Your Data Visualizations in Python
- Datacamp - Interactive Data Visualization with Bokeh
- Datacamp - Introduction to Data Visualization with Plotly in Python
